Hi Jeanette,

Thank you so much for sending these slides. The plan is to provide the slides to Tina and Samantha today so they could provide any thoughts or comments. I wanted to ask a few questions though on things I noticed.

Ex. 5 Deliberative Process (DP)

Thanks again for putting these together. Let me know if you have questions on my suggestions.

Beth

Beth,

Attached are the slides I'll be presenting for the HHRA APR meeting (Project 6, Task 4) on December 6th.

Thanks,

Jeanette

Hey Jen-

I just got this from Beth (our MI). Do you know if Jeanette can present a few slides on 12/6 for her FY17 APR? I don't have any info (yet) beyond these 2 emails and the attached PPT from her. Deb and I haven't had a chance to discuss, but wanted to give you an early heads-up in case you are still around this week.

Thanks,

Mike

Hey Mike,

So sorry I missed talking to you today. I got caught up with meetings and had to leave to get the kids. I'm out tomorrow but maybe I can clarify by email.

The meeting on 12/6 is going to go over the FY17 APRs so the two papers from last year. The meeting invite should be coming soon and the meeting should be in the afternoon (2-3:30). Tina was asking that Product or Task leads present. Perhaps Jen Richmond-Bryant or Jeanette Reyes could present the APR "Apportioning Chemical Stressors for the most affected portions of exposed human populations and ecological receptors"? And maybe Janice Lee could present the APR "Evaluation of Approaches to Incorporate Novel Human Genetic Susceptibility Information in Community Risk Assessment"? The idea is that for each APR, the presenter would have 5 minutes to talk through 2-3 slides (template attached to the prior email). Could you and Deb identify who would be available?

Thanks and sorry for not catching up with you today. Let me know if you have any questions.

Thanks

Beth

.....
HHRA Topic and Project Leads,

HHRA will be restarting quarterly meetings with Program and Regional partners and stakeholders. Tina and Samantha presented this plan during the last Monthly EPA-wide IRIS Call. The first of these HHRA Quarterly Agency Coordination Meetings will be December 6 and is being scheduled for 1.5 hours. During this meeting we will be presenting the APRs and Outputs that were delivered in FY17. In future quarterly meetings, HHRA will focus on 1-3 tasks per meeting and

give highlights from those specific projects, as well as discuss updates and receive input from the Program and Regional partners.

Tina and Samantha have asked that we develop materials to present at this December meeting to share the important work done in HHRA last year. The desire is for Product or Task Leads to present during the meeting. I've attached a template and example slide file for each Project to build from. The format is 2-3 slides per Product or Output, 5 minutes max. I'll follow up with the Project Leads to clarify who will be presenting for each Product/Output. Please fill in the appropriate materials using this template and return them to me by December 1.

The draft plan for presenting is below:

- 4 APRs from Project 3; 15 minutes total.
- 1 APR and 1 Output from Projects 4 and 5; 10 minutes total.
- 2 APRs from Project 6; 5 minutes each, 10 total.
- 5 APRs and Outputs from Project 1 and Project 9; 10 minutes total

Thank you for all your great work and we're really excited to share everything we did last year with the Partners and Stakeholders!

Let me know if there are any questions,
Beth
